There's A Moral To This Story

There once was a boy who won ribbons, mostly red
Came home from the fair with a big trophy too.
With a voice glad and proud he said to his Dad,
"Tis the very best year that I've had."

Said his very wise Dad, "Son, I'd like to hear,
Why you think that this was such a very fine year"
"Why, Dad you well know all the prizes I've won,
How I've come out on top in most things I've done."

"Just look at the ribbons that hang on my wall,
And think of the money I've made since last fall
From Premium checks and a big auction prize
You can't help by think cash and ribbons are nice."

But the man said, "My son you're not thinking right,
Red ribbons, 'tis true are better than white:
But ribbons will fade and trophies grow old,
Moneys soon spent and fame soon grows cold.

"The important things, Son, are not the ribbons or pins,
And sometimes it's really the loser who wins:
Now here are the things more important, it's true
Your 4 H experience has accomplished for you.

You've seen how a business meeting is run,
This knowledge will help you in years to come.
You've conquered the fear of addressing a crown,
You've learned how to stand up and talk nice and loud.

"Patience you're learned in your projects too,
As well as your skills that will always help you.
You're learned the fine feeling it gives you to lend
A glad helping had to a stranger or friend.

You've learned to cooperate with majority rule,
To give in with grace and not be a fool.
Who must always have his very own way,
Be it in club work in school or at play.

You've learned how to lose without making a beef"
You know the judge judges to his best belief.
You've learned how to win without boasting too loud,
A kid can lose friends if he's overly proud.

"These are the things most important to you,
You'll remember and use them all your life through.
They'll help you become a mightly fine man,
They'll do more for you than a prize ever can."
